## Bethany Residents Repeat Opposition To Proposed County Landfill Site

The Coffee County Commission met in regular session on Monday, June 25, at the Courthouse in Enterprise, and again heard a delegation from Bethany state they did not want a landfill in their community.

"We've already discussed the pros and cons of the matter," stated a spokesman for the group. "And while a few do go along with the county's plans, the wide majority is totally against it. We hope that the majority will rule and the Commission will help us out."

Judge James L. Sawyer told the delegation that the Commission will try to find a site the people don't object to, and urged all the group to help find an alternate site.

The Commission again discussed the need to buy two (2) dumptrucks and took a second look at the two bids opened on Friday, June 22. The bids received were \$12,340 (each) from Dowling Trucks and \$12,400 (each) from Frank Ashe Ford. County Engineer Leslie Mullins stated the bid from Dowling included a 5-speed transmission and cast wheels, while the specifications asked for a 4-speed transmission and disc wheels. Dowling's trucks would have met or exceeded the quality of the trucks asked for, but due to the variation of the specs, Comm. Rex Boutwell made a motion to accept the Frank Ashe bid. Commissioners Boutwell, Grant and Hornby voted to accept the bid, while Smith, Beckham and Reeves abstained from voting.

Sheriff Bruce Paul met with the Commission and stated his department needed two new cars.

"We have two vehicles with over 140,000 miles on them," said Paul, "and they just aren't dependable. I've drawn up a set of specifications

with some special options for security, and we can ask for a delivery date in September so the cars can be purchased in the next budget year."

The Commission suggested the cars have an economy engine to save on gas, and told Paul the payment could not be made until after October 20. In other action, Sheriff Paul told the Commission:

"\*\*The District Attorney had agreed to put an extension of his phone in the Sheriff's office (to alleviate the heavy phone traffic).

"\*\*The fire-escape at the jail would be completed this week; \*\*the roof at the jail was leaking and the contractor would be called to make repairs;

"\*\*and, again stated the jail needed painting and the walls needed to be replastered.

County Attorney Warren Rowe reported that Judge Gamble had set a court date for July 11 at 10:00 a.m. to hear the request for summary judgment in the suit concerning the lack of jail facilities in the county.

"We're out on a limb and I'm afraid it is about to get chopped-off," stated Rowe. "Unless we do something soon, outlook is very dark. The Commission needs to take some positive action before the court tells us what to do. If we're going to have a dual system, then let's make plans for both sites."

"There are only two choices on how to get the new buildings," added Rowe. "and those are taxes or a bond issue. You have to do something or the court will make you do something."

Judge Sawyer, apparently recognizing the fact that the county will always have two courthouses, sighed and stated, "We need to get ready to deal with the dual system."

In other action at Monday's meeting, the Commission: \*\*concurred on a request for

a grant of \$861,000 for Alabama Migrant and Seasonal Farm Workers; \*\*audited a booklet explaining the Wilkerson Watershed Project; \*\*approved payment of a bill for \$779.61 for moving power poles;

\*\*made the final payment of \$1599.20 for paving near the new poultry plant;

\*\*approved a \$10 bi-weekly raise for all county employees to help cover the rising gas costs.

\*\*and, renewed a contract with Mr. Coston Barlow to update property appraisal from October 78 to September 79 fiscal year.

## Dorsey Tells Of More Expansion

George L. Collier, President of Dorsey Trailers, Inc., a subsidiary of The Dorsey Corporation (NYSE), announced this week that the company is currently negotiating with the Carver Corporation for the purchase of a 100,000-square foot manufacturing facility located in the Danville, Pennsylvania area.

Mr. Collier said the facility, which has been inactive for some time, if acquired, will provide for the expansion of manufacturing activities currently being carried on at the Dorsey Trailers plant in Hummel's Wharf. The acquisition would approximately double the square footage of production space that the company currently has, and would result in additional area employment.

Dorsey Trailers, Inc. is a leading manufacturer of cargo trailers with manufacturing plants located in Hummel's Wharf, Pennsylvania and Edgerton, Wisconsin, as well as Elba.

The complete ruling states:

"Billy Joe Magwood is indicted and under confinement without bail for an aggravated offense for which the death penalty may be imposed. Appointed counsel filed a petition to inquire of Magwood's mental responsibility under Article 2, Chapter 16, Title 15, Code 1975. Hearing was held on June 19, 1979.

1. That Billy Joe Magwood appears to be in custody of observation and evaluation by a Commission on Lunacy as provided in Section 15-16-22, Code 1975, with the purpose of determining the mental condition of Magwood and the existence of any mental disease or defect which would affect his present criminal responsibility or his criminal responsibility at the time of the commission of the charged offense on March 1, 1979.

2. That Billy Joe Magwood is committed to the custody of the Superintendent of Searcy Hospital, Mt. Vernon, Alabama, for observation by a Commission on Lunacy.

3. That Billy Joe Magwood shall remain in the custody of the Superintendent of Searcy Hospital for such length of time as necessary to determine his mental condition as it affects his criminal responsibility.

4. That the Commission on Lunacy shall make a report to the Circuit Clerk of Coffee County, Alabama, which report shall be placed on file and be accessible to the court, District Attorney and counsel for defendant.

5. That the Superintendent of Searcy Hospital shall provide strict security over Magwood and shall not release his custody to any person except the Sheriff of Coffee County upon written order of the Circuit Clerk as provided in Section 15-16-22 (d), Code 1975.

With Ferrin Cox

We are told that Probate Judge James Sawyer made the statement in a special meeting of the County Commission last week that it was the fault of the editor that they had to back up and take bids on the two dump trucks that had previously been ordered on "emergency" basis without bids. Well, we don't take credit really, cause it is the law that required the bids. However, we are flattered that we get credit for pointing out the law and the people working with it daily can't... or won't until it is cited! It ain't personal Judge, it is just that you folks are spending our money and indicating you want more.

We have heard a good bit of upset from Coffee County citizens who have heard that the Commissioners have said privately they intended to pass a one-cent countywide sales tax without a vote of the people. Many of these people say they are contacting their Commissioners with their opinions, and this is the thing to do. Let them know before they vote and don't wait until it is too late.

We received a nice letter this week from the national guard troops that spent two weeks working on the Elba airfield. They were full of praise for Elba, the people and the public officials. A breath of fresh air to a drowning man doesn't feel any than a letter such as this about Elba.

Anyone who thinks Governor James and his crew are giving up on the 4-cent a gallon gasoline tax should read the news release we received from Fob's office this week. It was pointing out that the Coffee County if the tax doesn't pass (this figure is \$2,426,664 for four years period). Then on Tuesday, Highway Director Rex Rainer announced the pending lay-off of a whole bunch of supervisors. If those two items don't get folks up in arms, then the Governor (and ye ole editor) has badly misjudged politics!

The rains that have hit this area during the past week have been a blessing. Some areas seem to have received enough water for a while, yet others are miniature dust bowls right on. Another few days of scattering the showers in the dry places will solve all our water problems.

The fourth of July is hitting in the middle of the week this year as it did in 1973. This causes us simple folks trouble. We don't know if we should goof off the first part or the last part of the week. Therefore we end up slowly going through the entire week, not quite making a decision either way!

We listened quietly and with interest Tuesday night as the City Council heard complaints about city equipment and employees working on private property. The issue has been discussed many times before and the decision always, "It is not to be done at all." We think that was the best policy and should have been enforced completely, and not as an afterthought for not doing things unless someone wanted to do it. It is nice to be able to "give" things or service to people but our laws are designed to protect the taxpayers and the best way to protect has been determined by "don't do it for anyone."

# SENIOR SPOTLIGHT

## Miss Eunora Farris

Miss Farris

Miss Eunora Farris shines in the "Senior Spotlight" this week, and when we say "shines," we really and truly mean shines! Mere words simply cannot describe this lady — one just has to meet her and talk with her to see what a vibrant and fantastic personality she is! She is unbelievable in the fact that she can tell you so very much about Elba and its early days, as well as its early inhabitants, quite a few of whom she has known in her lifetime. She is virtually a "walking, talking history book!"

Miss Eunora was born in Elba on February 13, 1889, the daughter of John Jackson and Elizabeth Kimmy Farris, both of whom were native Coffee Countians.

Mr. Farris was quite an illustrious gentleman, with many accomplishments to his credit, not the least of these, fathering 9 children of whom 5 girls graduated from Montevallo; 1 boy graduated from University of Alabama, and another son almost graduated, but had to return home and run the family business upon the death of his father; and one son later attended Northwestern University in Chicago. Among his many accomplishments are these: He was Coffee County Tax Assessor for 3 terms; before 1900, he had a store located on the south side of the square, where he sold stringed instruments (violins, bass drums, guitars) and had some of the 1st Victor phonographs, and Singer sewing machines which he sold thru 'out the county. He used horses and buggies to deliver the sewing machines. He had the 1st Federal Land Bank office in Elba, which was established in 1919. He also had extensive timber, land, and farming interests in Elba and as a matter of fact, the Elba General Hospital, the new Nursing Home, the new cemetery and quite a few lots on the Branley Highway and Highland Drive were a part of the Farris farm at one time.

When we commented upon her father being a "Jack of all trades" and having so many occupations, Miss Eunora chuckled and replied, "Well, he had to do something... he had so many mouths to feed, feet to shoe, and minds to educate! And, mama always reared 2 or 3 extra children along with us, because of the company all of us children had. Mama kept an 'Open House'; she was a good

mother."

As we stated earlier, there were Farris siblings, and Miss Eunora was the third of these 9 children, all of whom were born and reared in the Farris home on Claxton Avenue (the stately house across from the Dairy Queen). This house had been in the family 94 years — when it was sold in 1977, Mr. Farris built it for his wife, in the fall of 1883, and it wasn't quite finished when they wed in December of the same year. The spent their honeymoon in the home of Mrs. Farris's sister and her husband, Danc and Ammie Collins, while the Collins' were on a buying trip to New York to buy mercantile goods for his store in Elba.

Mrs. Farris's father, Mason Creed Kimmy, was a Captain in the Confederate Army, and was wounded in the hip in Perryville, Kentucky. He came home to recuperate and while at home, was an active Mason. He returned to the war and served in many locales until it was over.

Now for some of Miss Eunora's interesting and varied background — she received her elementary and high school education in the Elba City Schools. Her college work was done at the University of Montevallo, and at Peabody College for Teachers in Nashville, where she received her B.S. and M.A. degrees.

Upon her graduation from Montevallo, Miss Eunora began her teaching career in the elementary grades. She was in much demand as a primary teacher, and several surrounding towns offered her positions in this field. She taught in Elba for 4 years; Enterprise, 6 years; Birmingham, 2 years; Jasper, 2 years; and Dothan, 2 years — a total of 16 years in the elementary grades.

Upon the death of her father in 1925, from infection after an operation in Montgomery at the age of 70, Miss Eunora resigned her position in the Dothan City Schools and returned to Elba to be with her mother.

She was offered the position of Supervisor of Elementary Education in the Coffee County Schools. This place she accepted and continued in this position for 32 years.

The County Superintendents of Education with whom she worked as Supervisor were: Edmund Hudson, Rowe Watson, Wiley Eldson, A. C. Dunnaway, Kermit Crook, R. L. Farris, and Carol Peacock for a short time before her

retirement in 1957. Mrs. Eunora said, "They were all good school men."

Besides her school work, Miss Eunora organized many Parent-Teacher Associations among the schools of the county. She was a charter member of the Elba Study Club, and an early president of the club. In 1940, she assisted the State President in organizing Psi Chapter, Delta Kappa Gamma, a county-wide organization. She was the first president. This is an honor society for teachers and proved to be an "Open Sesame" for members transferring to distant chapters.

A year after her retirement, Miss Eunora organized the Coffee County Teachers Association, which has grown to more than 100 members.

Her next interest was in the Daughters of the American Revolution. She was the Organizing Regent of the John Coffee Chapter of the D.A.R. in 1963. This is a patriotic, historical and educational society. It has created lasting interest among the members.

She became the first Regent of this county-wide chapter. Miss Eunora is a member of the First Baptist Church, having joined at an early age. She has served as Sunday School teacher and as a member of the choir. She is a former member of the T.E.L.S.S. class. This class sends lovely gifts to its former members in the nursing home. They also send messengers to visit them.

In 1951, Miss Eunora's mother passed away at the age of 89. Her nurse, Mrs. Nora Lee Cauley was persuaded to stay on with Miss Eunora as companion and housekeeper. She stayed until 1972 when she retired to live with her children in Dothan.

Miss Eunora continued to live at her home a few years. The 3 high school age Hudson girls, who lived across the street from her, alternated spending nights with her for a time. She never left home until her sister, Sara Rainer, for a while.

An honor she has received and which she deservedly earned, and one of which she is quite proud, was being named Elba's Woman of Achievement in 1967, which is sponsored by the Elba Business and Professional Women's Club.

Miss Eunora's lifelong devotion has been to her family and her work. Her sisters are: Theodora Hutchinson, Zedmed, Alford, Ethel Smith, Bessie Braswell, and Sara Rainer, the last three of whom reside in

Elba. Her brothers are W. K. Farris, John J. Farris, Jr. and Francis A. Farris, the last two of whom are deceased. Longevity is surely a strong gene in the Farris clan, as only two of the nine children are deceased, their mother lived to the age 89. Her family consists of those named and their descendants; and when the Farris homeplace was dismantled in 1977, before being sold, Miss Eunora's many relatives came from far and near to get a piece of furniture or other mementoes to treasure, and for keepsakes of a chapter being closed in the era of the Farris family.

On October 18, 1977, Miss Eunora was admitted to the Elba Nursing Home. She said she "likes it very much and feels at home here." Her sister, Mrs. Ethel Smith, is also there to keep her company.

Miss Eunora says she "likes it so much that she doesn't want to live anywhere else!" She's one of "Miss Daisy Windham's domino partners" with Miss Mary Annie Mays) and the three "girls" play most days from about 1:00 to 3 or 4 o'clock. If she isn't playing dominoes nowadays one might find her listening to her tapes of the U.S. News and World Report Magazine, and for a change of pace, she is also listening to tapes of Charles Lindbergh's "Autobiography of Values," two weighty subject matters. "eat your hearts out!" We much, much younger persons!

When we left her, she was sitting and rocking in a rocking chair, about which she said, "This was my rocker - Mama had one, also, and we'd sit and talk and rock in our rockers in our home. This chair is over 75 years old." And, let us tell you, the chair looked just as new, well-kept and bright, and was in as good a condition as the energetic and fascinating lady who occupied it! The chair doesn't show its age at all, and neither does its owner. Both have worn exceedingly well over the long years!

Need we tell you, we enjoyed immensely meeting Miss Eunora Farris, and sincerely hope that you did, too! You former students of hers, drop by to visit her and everyone else at the Nursing Home sometime in the near future, won't you?!!!!

## Views From THE PRESSBOX

With Ricky Mularz, Sports Editor

The Dixie Youth and Babe Ruth seasons end tonight (Thursday) and the All-Star teams of both leagues will be announced following the final games. Both leagues had very good credit. The boys put in countless hours of hard work in an effort to help their team, while the parents practiced with their kids at home and devoted time and money into their son's happiness.

A group of men often overlooked are the coaches. This year, both leagues had dedicated coaches who tried to teach their players how to play, not just win at any cost. The coaches, who put in many long hours, and they had to keep their cool, no matter how many balls were dropped. I think all the parents should make an effort to thank their son's coaches for the fine job they've done.

The man who has put the entire program together is Recreation Director Dennis Smith. Tell Dennis what a good job he's done and tell the councilmen, we need to keep him around for many years to come.

I got a copy of the new "Super Slowpitch" newspaper last week and jotted down a few items of interest:

\*\*\*The Richmond (Va.) Memorial Day Tournament included 200 teams playing on 40 different fields;

\*\*\*At a tournament in Marietta (Ga.) a total of 303 home-runs were hit in only 23 games (over a 300-foot fence);

\*\*\*In the same Marietta (Ga.) tourney, Mike Parrott, of Nelson's Paint, went on a rampage and in 9 games collected a total of 22 home-runs and 52 runs batted in, while batting a whopping .766;

\*\*\*Harold Kelley, of Damascus, is now playing with Dave Carroll Sports and in a recent tourney hit 12 homers in 5 games;

\*\*\*And, Campbell's Carpets, of California, is now ranked number 1 in the nation with a 44-8 record.

The Elba Athletic Club is getting busy as the '79 football season approaches and they've got a lot planned in an effort to raise money for the Elba High Athletic Dept. The Athletic Dept. is separate from the school in many ways and must totally support itself. When the club holds a membership drive I urge everyone to join, it shows that you're supporting the school.

Got to go roll up my windows...

A white satin skirt and imported linen cloth of satin stitch embroidery was used on the long punch table which was centered with a silver punch bowl encircled with long-stemmed red roses and greenery. Silver trays held sandwiches and mints, and were placed in crystal compotes. Mrs. Tom Maddox of Enterprise served the punch.

A footed crystal vase of white roses adorned the bride registry which was presided over by Miss Susan Stacey of Monroeville. Magnolia greenery and white candles were placed in the windows.

Later in the evening the bride and groom left on a wedding trip to the mountains of North Carolina. For traveling, the bride wore a skirt and blazer of white silk with a teal blue silk canisole and a corsage of orchids. After the honeymoon the young couple will be at home in Dothan.

## Miss Anderson Becomes Bride Of Mr. Cobb

Miss Wilma Gail Anderson, daughter of Mr. and Mrs. Kasper Warr Anderson, and Mr. Richard Cobb, son of Mr. and Mrs. Jimmie Osborn Cobb of Pascagoula, Florida, were united in holy matrimony on Saturday, June 16, at seven o'clock in the evening, at the Elba United Methodist Church.

A magnificent sunburst arrangement of white gladioli, fig mums and lilies centered the choir loft wall and complemented the luxuriant arrangements of leatherleaf greenery at either end. A pair of brass floor candelabra holding white candles and urns of greenery flanked the cross. Another pair of floor candelabra was placed beside the altar, and the altar rail novel posts held brass urns filled with leatherleaf greenery.

The bride, given in marriage by her father, wore a wedding gown of candlelight chiton styled with an empire bodice and a gently gathered skirt which swept back into a chapel-length train. The English net yoke was heavily beaded with brilliant at a lace which formed a high Victorian neckline and extended down the length of the long fitted sleeves. A double halo of Alencon lace held the full-length veil of silk illusion which was accented with lace medallions.

The bride wore a handmade petticoat of lawn and heirloom lace which had been heavily embroidered in a double-wedding-ring pattern for the marriage of Miss Sara Priest to Mr. Charles Allen Stevens, who became the parents of Mrs. Charles Jacobs; Mrs. Jack Vaughan of Elba and mother had worn at her wedding, and a sapphire given her by her sister, Wendy Anderson. She was the third bride in her family to carry a lace handkerchief first carried by her grandmother Grable. Her bridal flowers were of white roses, stephanotis, philopais orchids and springtime greenery.

The bride attendants were: Miss Wendy Gail Anderson of Montgomery, the bride's twin sister who served as maid of honor; Mrs. George Theodore Thomas of Atlanta, sister of the bride, who was matron of honor; Miss Bunny Cox and Miss Judy Alicia Lee of Montgomery; Miss Beverly Cox of Memphis, Tennessee; Miss Courtney Vann Cameron of Austin, Texas; Miss Carole Anne Crumpton of Enterprise; Mrs. Paul Andrew Nelson of Greenville; and Miss Stephanie Marie Smith, niece of the bride, of Elba.
